

A movie for the atomic linkage

December-09-13 9:23 AM

movie for the atomic linkage
"AL"

t-depth ordering:

B	X	R	G	G
R	X	B	X	R
G	G	X	B	X
			R	B

I should still understand

$\beta^3(AL)$!

Is it a single difference?

Is it an unknotting move?
