

4-end bottom tangles are not parenthesized?

Friday, September 25, 2015 3:40 PM

monobly:
(131122c) Overhand/underbelly,  and , abstain.

"4-end bottom tangles are not parenthesized".

The point: $H_4 \rightarrow \mathcal{A}(\text{diagram})$ factors

through a commutative quotient. All cases are the same, so it is enough to check one: ~~X~~
