Output

```
{
 "TitleNotes" -> "These are the source files for the computations presented in my
    eprint <a href=\"http://www.math.toronto.edu/~drorbn/LOP.html#Computations\">Some
    Computations Related to Vassiliev Invariants</a>. The files are very old, were not
    run since 1994-1998, and given that the software environment has changed since they
    were last used, they will likely require significant tweaking before they can be run
    again. I'm afraid there's no manual. (Old location: ~drorbn/projects/Graph/).\n<p>"
}
