

Projects

July-20-10
9:27 AM

The project "Projects" is about projects that I dream to do but that I haven't started yet. At the moment, the project "Projects" is a project in the project "Projects".

- Add:
1. Fair mapping. ✓
 2. Solving the cubic and the quintic. see 2011-11 / Kharvatskii
 3. Roaches on the 4-cube.
-

The lovely thing about the ByDate section is that things have an automatic "expiry date", to keep minds uncluttered. The "Project" section is missing that.
