My sister Rutie and I drove up north to Mount Gilboa (a disappointment) and to Park HaMaayanot (an amazing success). My sister read somewhere that there's a 300 meter hike in 30-40cm of water somewhere in the park. We got in the water in the wrong place, and ended up with about a kilometer in water up to our chests, and sometimes up to our chins! This all with us fully dressed and carrying our docs and electronics. It was fun!!!
